

Tetra

Created by experts to bring out the best in your fish

Superior to flakes	Excellent fish condition	Two formulas in one	Better water quality	Fish prefer Crisps!
<p>The health and condition of your fish directly depends on the diet you choose for them. That's why Tetra's industry-leading research laboratories developed TetraPro Crisps, to overcome the drawbacks of flake foods. Produced at a lower temperature, and using a completely different production process, TetraPro offers better nutrition for unrivalled health and condition. It also results in less waste production, for improved water quality and clarity. The two-colour process used to make TetraPro also allows the introduction of two formulas into one food, for concentrated benefits on top of a complete, balanced diet. What's more, fish prefer Crisps to flakes, meaning they get a diet they love, as well as one that keeps them in great shape.</p>

RULES

A Message from our Chairman

Dear friends and fellow aquarists,

I am happy to welcome you our first and hopefully not last D.J.A.Y SHOW held in Sheffield run to FBAS rules & standards.

This year's FBAS Championship Trophy Classes are B and W being placed in the top 4 in these classes allow entry into the Supreme Final at Weston Super Mare held the last weekend in October which is worth a trip down to spend a weekend in the company of fellow fish nuts As an added extra the FBAS is also running a diamond Jubilee Class and we are pleased to be holding class D for our show.

We all look forward to seeing you all at our Open Show either as an exhibitor or as a visitor. Old and new friends, experts or novices all are welcome.

Special thanks go to the FBAS Judges, the FBAS council fellow FBAS members who have given us guidance on our first show, our Advertisers, the Catering Team, but especially to you for your support.

We look forward to seeing you and hope you enjoy the day

Dave Kirk

D.J.A.Y Chairman
