

## **SOCIETY PACKS**

Through its good relationship with the Aquatic Trade, the Federation of British Aquatic Societies is able to provide excellent support for its member Societies.

Due to circumstances beyond the Federation's control, the exact quantity of support has never been completely predictable and distribution to Societies has often been unfortunately curtailed.

This year, we are happy to report we are able to supply 'Society Packs' to every Member Society for their internal use. We have agreed with the Aquatic Trade that these Society Packs are distributed with some attendant conditions which are outlined below.

Failure to observe these conditions will incur forfeiture of future provision to the Society concerned, and may also adversely affect the Aquatic Trade's attitude towards further supplies.

### **TERMS AND CONDITIONS**

Only one Society Pack Application per Society in the year.

#### **For Societies having an Open Show**

The contents of the Society Pack must only be distributed between all exhibitors. The 'Goodie Bag' format is preferred, as this rewards support for the event in general, rather than just Class winners. Most superstores will provide 20-30 carrier bags for this purpose.

Separate materials (e.g, Tetra products, FBAS Championship Class Trophies etc) will be provided within the Society Pack for awards to winners of Championship Trophy Classes, Breeders and Pairs Classes and Best in Show.

Acknowledgement should be shown in the Show Schedule.

#### **For Societies not having an Open Show**

The contents of the Society Pack may be used as the Society deems necessary – Table Show Awards, Raffle prizes or as other rewards.

**Under no circumstances may Society Pack material form part of any Auction or sold for gain.**

**For your Society Pack, apply to:**
