### A few words from the show manager

Firstly I would like to take this opportunity to thank our sponsors for their generosity and the judges for all there time, for another year, and hopefully years to come, and last but not least, all you exhibitors, who come from far and wide, week in and week out, rain or shine, (even snow sometimes) thanks for all the support and effort you put into it, because without you guys, we would have a very quiet show, so once again let me thank you one and all, and see you all on the day.

Show manager.

Light refreshments of tea, coffee, sandwiches and cakes etc will be available all day

**BIG, POWERFUL,  
INTELLIGENT.**

Massive capacity and 3 huge media compartments housing multiple media types make this new Fluval one of the biggest filters you're likely to find.

Pumping over 3400 L/H for aquaria up to 1500 L, the integrated motor provides all the raw power you'll ever need.

Intelligent Smart-Pump™ microchip technology ensures optimum flow and energy efficiency whilst also preventing air locks.
